Veratti® OTG™

ANSI Z87.1-2010
High Impact
CSA Z94.3-2007

Designed specifically for people who wear prescription glasses but need safety eyewear in their work place or at home, the Veratti® OTG™ is designed to fit comfortably over most prescription glasses delivering maximum high impact protection. The one piece construction offers full coverage by totally isolating the eyes from hazardous conditions.

The Veratti® OTG™ introduces a new style of over-the-glass safety eyewear which makes it the perfect alternative to expensive safety prescription glasses.

Conformity to ANSI Z87.1-2010 has been assessed per ANSI/ISEA 125-2014 Level 3.
