

CHICOPEE[®]
DURAWIPE[®]

Medium Duty Industrial Wipers

Chicopee[®] True Confidence[™]

36% stronger than the leading medium duty wiper

Engineered with Spinlace[®] technology, a unique triple-layer construction, creating wipers that are highly absorbent with both oil and water. Durawipe Medium Duty Industrial Wipers are known for their exceptional absorbency and strength replacing the need for rags. These wipers are tough enough to clean-up messy spills, but gentle enough to clean your hands and face.

DURAWIPE® Medium Duty Industrial Wipers

36% stronger than the leading medium duty wiper

Durawipe Medium Duty Wipers outperform the leading competitor with up to 30% increased absorption capacity and speed on water and oil; thicker wipers at the same weight; and lower lint.

Health & Safety

CHALLENGE: Laundered shop towels and rags may have visible or invisible contaminants that can be a short or long term health or safety scare

SOLUTION: Durawipe Industrial Wipers give you a clean wiper every time that is strong enough for toughest tasks, yet gentle enough for your hands and face

Quality & Consistency

CHALLENGE: It is important that suppliers offer consistent quality

SOLUTION: Durawipe Industrial Wipers with Spinlace®, Chicopee's patented innovative technology, outperforms the industry leader

Sustainability

CHALLENGE: Companies have sustainability initiatives they need to meet for their shareholders and customers

SOLUTION: Durawipe Industrial Wipers are produced with 50%+ renewable resources, supporting sustainability initiatives

Cost

CHALLENGE: Constrained budgets require wipers that are affordable

SOLUTION: Durawipe Industrial Wipers cost-in-use are competitive with the leading wipers, and in some cases, due to our Spinlace technology, customers can step down to a lower level wiper and meet or exceed performance needs
