

Installation Instructions For 3080 Pilaster Shoes.

- 1. Locate and drill two 3/4" holes into floor for pilaster shoe anchor bolts.
- 2. Insert lead anchors into holes.
- 3. Adjust 3080 pilaster shoes for snug fit on pilaster. Tighten into place.
- 4. Drill a 3/8" x 1-1/2" hole into bottom of pilaster.
- 5. Insert T-nut into 3/8" drilled hole.
- 6. Screw hex bolt (with nut and washer) into T-nut.
- 7. Place pilaster into position. Level as needed. Tighten hex nut.
- 8. Cut spacer plate to size as needed.
- 9. Insert spacer plate.
- 10. Drill two horizontal holes through spacer plate and pilaster.
- 11. Insert and tighten thru bolts.
