

# Driving the Power of 3M Innovation into Every Repair

Everyday, engineers and technicians around the world choose 3M products as the best solution for their manufacturing and repair needs. From Specifications and Endorsements to Service Bulletins and Recall Notices, 3M is proud to be a trusted partner of the Automotive Industry.

Here's just one example...

# Reference Information

**Organization:** American Honda Motor Company, Inc.

## Document

Type: Service Bulletin  
Name: Recommended Materials  
Number: 99-015  
Issued: August 02, 2012

## Description

Vehicles: ALL Vehicles

Purpose: This service bulletin describes most of the recommended materials commonly referenced in Acura service and training publications. The materials are grouped into four categories: Insulating Products, Adhesives and Sealers, Greases and Lubricants, and Cleaners and Polishes.  
A recommended material is selected by Acura engineers only after its effectiveness has been evaluated under the conditions in which it will be used. While some of these materials look and feel similar to non-approved materials, always use the recommended material to save yourself a costly comeback and a dissatisfied client. Remember, a material that's "almost the same" probably won't do the job.

Note: 3M provides this information for REFERENCE ONLY.  
ALWAYS refer to the original document or the OEM-provided model-specific collision damage repair manuals for complete instructions.

## 3M Products:

Included:	PN06356 3M™ Squeak Reduction Tape 5430	PN08405 3M™ Body Seam Sealer
	PN08641 3M™ Channel Bonding and Sidelite Adhesive	PN08155 3M™ Quick Fix Adhesive

### Product Use:

Many factors beyond 3M's control and uniquely within user's knowledge and control can affect the use and performance of a 3M product in a particular application. Given the variety of factors that can affect the use and performance of a 3M product, user is solely responsible for evaluating the 3M product and determining whether it is fit for a particular purpose and suitable for user's method of application.

### Warranty, Limited Remedy, and Disclaimer:

Unless an additional warranty is specifically stated on the applicable 3M product packaging or product literature, 3M warrants that each 3M product meets the applicable 3M product specification at the time 3M ships the product. 3M MAKES NO OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY IMPLIED WARRANTY OR CONDITION ARISING OUT OF A COURSE OF DEALING, CUSTOM OR USAGE OF TRADE. If the 3M product does not conform to this warranty, then the sole and exclusive remedy is, at 3M's option, replacement of the 3M product or refund of the purchase price.

### Limitation of Liability:

Except where prohibited by law, 3M will not be liable for any loss or damage arising from the 3M product, whether direct, indirect, special, incidental or consequential, regardless of the legal theory asserted, including warranty, contract, negligence or strict liability.
