

Plastic Razor Blades

Polycarbonate Razor Blades with Double-Sided "Chisel" Edge

Polycarbonate construction, our toughest plastic blade yet. Unlike regular plastic blades, the AES-87604 will not fold over or bend during use. Blade edges will hold up better when scraping away tough stuck materials that would damage the edge on a normal plastic blade.

AES-87604 Box of 100 Blades

Plastic Razor Blades with "Dozer" Edge

Featuring a "dozer" style flat edge, use these plastic razor blades to safely clean windows coated with sun film or tinted auto glass. Strip vinyl decals, pin stripes, and dealer stickers. Remove tar, sap, bugs, adhesive, road paint and even chewing gum from interiors.
