

# Plastic Rivets and Tools

## Klik-Lok™ Plastic Rivets • Nylon Body ST801HS • Delrin 500 Mandrel

Marson brand Klik-Lok Plastic Rivets are the same precision-molded all-nylon rivets used by domestic auto manufacturers, both for original equipment and replacement parts. In addition, Klik-Lok Plastic Rivets are ideal for non-conductive and non-corrosive environments. Klik-Lok Plastic Rivets fasten plastic to plastic, plastic to metal and plastic to fiberglass. As they set, three “legs” form to securely lock the components in place and prevent pullout.

## Plastic Rivet Tools

### Klik-Lok™ KL-2 Plastic Rivet Setter / M48005

This long-reach tool is just what today's professional needs for hard-to-reach spots, especially in automotive applications such as flexible bumpers, wheel wells, license plate brackets and bumper reinforcements. In addition to the tool's long reach, it offers one-stroke setting and a universal nosepiece that sets all plastic rivets. The tool is packaged in a reusable, heavy-duty vinyl pouch. Weight: .75 lb.

### Professional Plastic Rivet Kit / M48006

This kit includes the versatile KL-2 Plastic Rivet Setter, plus a 20-pack each of our four most popular rivet sizes: Nos. M58106, M58108, M58149 and M58150. A reclosable carton provides storage for rivets and tool. Weight: 15 lbs.
