

## 24680 SPILL-FREE® FUNNEL

New Clear Funnel Allows a Quick Visual Check of the Coolant from Across the Shop.

Comes with a lid to keep contaminants out as well as store the caps and adapters. Eliminates trapped air pockets which usually cause erratic cooling system and heater performance. It controls the proper amount of coolant entering system and enables unattended filling of the cooling system. The funnel eliminates squeaky belts caused by coolant overflow and protects the environment. Five adapters fit most domestic and import cars and light trucks including newer GM "threaded style" radiator openings and Ford surge tanks. Straight extension and 45° elbows allow use on radiator caps that are placed at an angle or other hard-to-reach applications.

24680 Spill-Free® Funnel. Label. Shipping wt. 1 lb. 3 oz.

21920 Lid	22210 Funnel
