

## 41250 42420 42430 PUSH PIN PLIERS

For Easy Removal of Plastic Push Pin Type Panel Fasteners with Center Pins.

Plier tips are angled 30° - 42420 / 80° - 42430 for use in tight spaces such as wheel wells. Designed to prevent damage to the pin or anchor. Dual durometer grips for comfort.

41250 Push Pin Pliers. Skin-packed. Shipping wt. 8 oz.

42420 30° Push Pin Pliers. Skin-packed. Shipping wt. 8 oz.

42430 80° Push Pin Pliers. Skin-packed. Shipping wt. 8 oz.

## 41080 41090 TRIM CLIP PLIERS

Easily Removes Trim Panel Fasteners.

Specially designed double tapered tips slide under the clip and grip the side of the clip, helping prevent damage. Tips are angled 45° & 90° providing more leverage for easier clip removal, even in very tight spots. Dual durometer cushioned grips for comfort.

41080 45° Trim Clip Pliers. Skin-packed. Shipping wt. 7 oz.

41090 90° Trim Clip Pliers. Skin-packed. Shipping wt. 7 oz.

## 42480 PANEL CLIP PLIERS

Spring Loaded Pliers Provides Extra Leverage to Remove Door Clips Without Damage.

Ergonomic spring loaded handles are rotated 90° to provide leverage needed to easily remove push in fasteners. The tapered forked end makes getting under the clips easier and helps prevent damage to the clips or door panel. Works on a wide range of push in clip sizes.

42480 Panel Clip Pliers. Skin-packed. Shipping wt. 7 oz.

## 35460 DOUBLE ENDED CLIP LIFTER

Thin Tips on this Double-Ended Tool Provide Easy Access When Removing Plastic Clips.

Smaller opening works for lifting the center pin and the wider opening lifts the fastener from the panel. Also works on most plastic fasteners, plastic clips, upholstery or door panels. Zinc finish with 3-1/2" grip. Overall tool length is 8".

35460 Double Ended Clip Lifter. Skin-packed. Shipping wt. 3 oz.
