RUST MORT

Acidic compound that removes or converts rust to an insoluble coating prior to applying body filler, primer or top coat.

- OEM recommended
- Completely removes light rust
- Converts heavy rust into a stable, workable substrate
- Creates ideal surface for filler or primer
- Requires minimal surface preparation
- Brush or submerge

PART#	SIZE
69501	Gallon
69504	Quart
69508	Pint

RUST SEAL

Dual-purpose acidic compound that neutralizes mild rust & provides a temporary rust-protective layer prior to top coating.

- Neutralizes mild rust
- Leaves a tough protective coating
- May be left exposed temporarily in controlled environments
- Must be topcoated to prevent further oxidation
- Apply with brush or roller
- Can be sanded before application of top coat
- Requires minimal surface preparation

PART#	SIZE
39304	Quart
39308	Pint

RUST SHIELD

VOC Compliant

Direct to metal coating that isolates & controls oxidation, rust & corrosion on metal substrates.

- Paint direct to rust or bare sanded steel
- Fast application
- 50 state compliant
- Enhancer available for gloss adjustment
- Can be topcoated for UV resistance
- Restore agricultural, industrial & heavy equipment

PART#	COLOR	SIZE
28061	Gloss Black	Gallon
28064	Gloss Black	Quart
28081	Safety Orange	Gallon
28091	Flat Black	Gallon
28101	Black	Gallon
28104	Black	Quart
28111	White	Gallon
28131	I. H. Red	Gallon
28141	Cat Yellow	Gallon
28151	F.M.F. Gray	Gallon
28161	John Deere Yellow	Gallon
28181	John Deere Green	Gallon
28191	Aluminum	Gallon

RUST SHIELD HARDENER & GLOSS ENHANCER

A catalyst for use with **Rust Shield** corrosion coating.

- Adds gloss & durability
- Easy 8:1 mixing ratio
- Eliminates recoat headaches
- Aids in curing in cooler conditions

PART#	SIZE
38008	Pint

All equipment manufacturer names shown are registered trademarks of their respective holders.

APPLICATOR EQUIPMENT

Applicator equipment & spray wands for undercoating, chip guards, bedliners & rust prevention coatings

SEE PAGES 10 – 12

RUST TRAP

High gloss, moisture-cured urethane coating for restoring & protecting rusty metal.

- Premium moisture-cured urethane technology
- Paint directly to rust or bare sanded steel
- No conversion products needed
- Wet-on-wet application for faster repairs
- 50 state compliant
- Flattener available
- Can be topcoated

PART#	COLOR	SIZE
45501	Black	Gallon
45504	Black	Cone Quart
45508	Black	Pint
45514	Silver	Cone Quart
45518	Silver	Pint
45594	Flattener	Cone Quart
45598	Flattener	Pint

RUST PREVENTER CAVITY WAX

Semi-transparent black internal panel compound to restore OEM corrosion protection on inner body panels & cavities.

- OEM recommended
- Non-hardening
- Sprayable in 360° pattern with specialized wand (see pg.11)
- Exceptional adhesion
- Excellent corrosion protection
- Wicks into vertical seams

PART#	SIZE
39573	24 oz. Aerosol
39574	Quart
