

## **GORRHINO** Warranty

**Go Rhino**® warrants its products to be free from defects in material and workmanship. This limited warranty extends for 5 years for black powder coat finishes, 5 years for protective bedliner coating, 5 years for chrome finishes, and lifetime on polished stainless-steel products, from the date of purchase. Warranty claims must be accompanied with the original invoice and photos of the product. It is the customer's responsibility to clean regularly and protect finish with regular applications of a nonabrasive polish that is compatible with the product's finish.

This warranty covers the cost of the product only and does not include the cost of removal, installation, or shipping of the product. This warranty is void if the product shows signs of alteration, misuse, mishandling, improper care, neglect, improper application and/or damage due to improper installation. This warranty provides a one-time replacement on workmanship if all of the above conditions are met.

### Finish Warranty:

- Limited lifetime warranty on stainless steel products
- 5-year warranty on black powder coat products
- 5-year warranty on protective bedliner coating products
- 5-year warranty on chrome products

This warranty does not cover exposed welds.

Finish warranty covers peeling, flaking, or cracking. Washing all finishes regularly with car wash soap and rinsing well with water is the best method for maintaining the finish on your products. You must also protect the finish with nonabrasive automotive wax on a regular basis. The use of any compound which contains abrasives becomes a self-defeating exercise as the compound scratches the finish and opens it to corrosion. The use of harsh chemicals used to remove bugs and tar may also cause the finish to fail and should be avoided.
