

## Small WoodPlugs #A-WOODPLUGS-SM - Assorted sizes, 9 each/package

Be prepared for emergency leaks with this pack of small wooden plugs for temporary protection.

- Edged, pre-shaped plugs are made of soft wood that will conform to openings and help the sealing process
- Can be covered with a sorbent pad and pushed into a leak zone; wood and pad expand together to fill the hole
- Temporarily seals holes in hoses, valves, tanks and fuel lines; also ideal for punctured drums, marine applications and loose or lost fittings
- Required emergency equipment for offshore racing
- Assortment for small holes includes nine conical plugs ranging in size from 1/2" to 3/4"
