SPORT PRIDE VOLLEYBALL NET BAND

Bison net bands are designed to be permanently installed or can be removed and stored on the reel included with the net band if desired.

Customer Service
(800) 247-7668

1. Set up volleyball system and tension net
2. Beginning on one end, place the rolled net band on top of the tensioned net in the center of the rolled net band
3. Begin unrolling net band along top edge of net while folding on either side and securing velcro attachments
4. Continue along the entire length of the net
5. After net band is fully unrolled, smooth out all velcro attachments along entire length of the net

Note: Slight waves in the net band are normal and will not affect play.
