Roofing

MFM Building Products Corp 50042 6in X 33.5ft Aluminum Peel & Seal 6 rolls/ctn

- A single-ply, one-step, low-slope roofing membrane that can be left exposed to the elements. Silt sizes are ideal for roofing, patching, gutter repair, flashing and any hard-to-waterproof area. Composed of a laminate of reflective aluminum foil, rugged, cross-linked polymer films and a thick layer of rubberized asphalt.The asphalt adhesive aggressively adheres to most surfaces and self-seals around punctures to form a waterproof barrier. Requires no coatings or covering for exposure to sunlight and is flexible to conform ro odd shapes. Aluminum 4", 6" and 9" come in shrink-wrapped and labeled rolls. Meets ASTM D 1970, ICC-ES AC-75, UL Class A fire rating, Miami Dade County approved and Florida Building code.

Roofing

MFM Building Products Corp 47733 Shingles Starter 7.2in X 33.5ft 8 rolls/ctn

- Self-adhesive membrane that eliminates the need to cut shingle tabs. Comes with a seal tab to prevent wind uplift at the roof edge. Fast installation and the membrane is waterproof and self-sealing around nails and other penetrations. Shingle Starter is adhered directly to the roof deck. Apply on areas that will receive shingles the same day. Airborne dirt and debris can affect the seal tab's ability to properly seal to the shingle. 7.2" x 33.5'. This product is 50 mil. thick with a black, granular surface. The roll's hard core prevents collapse of roll and humping on the deck surface.
