

# Comfortland Deluxe ACL

Part # ER-208  
HCPC L1845/L1852  
Approved

## Indications:

Osteoarthritis

Rheumatoid arthritis

Meniscal cartilage derangement

Chondromalacia of patella

Knee ligamentous disruption

Sprains and strains of the  
medial collateral ligament

### Lightweight Construction

The Comfortland Deluxe ACL's lightweight design allows for longer periods of wear without discomfort, improving patient compliance.

### Custom Fit

The ER-208 has a completely malleable frame, allowing practitioners to contour the deluxe ACL for a truly custom fit without having to order a custom brace.

### Cost- Effective

The ER-208 provides top-quality support at a factory-direct price, dramatically reducing stocking cost for practitioners.
