View of Two top Hinged Pallets

Pockets 48

Features
Consists of a pasted nylon covering hardboard
Pockets made of Novalux vinyl with flocked backing for longer life
Pockets are sewn and secured to pallet with eyelets
This 3-pallet set is designed for the RMMSLCART, P/N 95-8581 (shown above) & MMSLCART cases, PN 95-8601 (all black)
The top two pallets are hinged and secured in the lid by 2 turnbuckle straps and a metal tab that secures the hinge
The pockets hold a variety of tools used for field repair work
The bottom pallet sits on tray rests in the base with a pull tab for easy access to the base storage compartment
The top back pallet holds 10+ drivers; the bottom pallet is for wrenches and ratchets
Tools Not Included
Note: To keep tools securely in place during travel try placing a 1" thick piece of foam between pallets
This should keep the tools from migrating out of their pockets
