

Lock it open to enjoy a sip,
and then reclose it for a safer trip

TraveLock® Reclosable Dome Lid

Conveniently take hot beverages on-the-go with Solo®'s new TraveLock® reclosable dome lids! The perforated tab reduces the chance of liquid splashing out of the cup and helps keep the beverage warm prior to consumption. Once opened, the tab can be locked back into drinking position or it can be pushed through the sip hole again to act as a cover, avoiding splashing during transport. An elevated surface provides more lip room and comfort, enhancing the drinking experience! One lid fits the five most popular hot cup sizes, reducing storage requirements and increasing operational efficiencies — a plus for any business owner!

Features

Dome-style

Accommodates gourmet beverage toppings

Elevated rise design around sip hole

Provides more surface area for the lower lip to enhance drinking comfort

One lid size fits 5 cup sizes

One lid fits the 5 most popular cup sizes for operational efficiency

Reclosable

Reduces the chance of liquid splashing out of the sip hole
