Elkay® Plastics Co., Inc.

Elkay® Plastics

THE ELKAY® ADVANTAGE

For over 45 years, Elkay® Plastics has sold exclusively through distribution and that vital partnership has made us the leader in flexible poly packaging. We've worked to make our distributor partners more successful and help them grow their poly bag business by providing outstanding quality, service, support, and much more. Some of the advantages that we provide to our distributors to help them succeed include:

- **SELECTION & AVAILABILITY** to meet all your customers' needs.

We provide immediate availability of our vast array of nearly 3,000 in-stock products. Eight distribution facilities around the US allow us to service 80% of the country with same day or next day delivery, and the remaining territory with two day delivery. Many of Elkay's customers depend on our prompt delivery capabilities to reduce their costs.

- **SERVICE**, that makes your job easier.

Unsurpassed service from Customer Service Representatives who undergo rigorous training and certification gets you the right answers the first time, every time. Whether you need application assistance or product specifications, their in-depth knowledge means you get accurate information quickly, ensuring that you get the right product for your needs.

- **HIGHEST QUALITY**, consistent product you can count on.

Superior product quality and integrity ensure our products are consistently free from defects. Rigorous quality and certification standards such as ISO 9001:2008*, CFIA and Annual Food Safety Audits ensure our processes are consistent in order to always meet or exceed customer expectations. Our C-TPAT certification strengthens the reliability of our supply chain to help ensure product availability in addition to helping to ensure the safety and security of our employees, business partners and customers. *Los Angeles, Atlanta and Chicago divisions

- **EXPERTISE**, to help your business grow.

Our nationwide network of field sales consultants act as an extension of your sales force. They help you select the right product for your customers' application, provide product training and assist in the sales process.

- **CUSTOMER-FRIENDLY** packaging that saves time and money.

Many of our bags are shipped in cartons with individually labeled inner packs, ensuring that the products you receive are clean, orderly, and organized every time. Our dispensing system improves your customers' cost control, facilitates inventory management and minimizes waste.

- **LOW PREPAID ORDER MINIMUMS** allow you to order on your schedule.

Your warehouse space is precious. Our competitively priced products have low order minimums so you can order the products you need, in the quantities you need, when you need them.

- **CUSTOM MANUFACTURING** when a special bag is required.

Regardless of whether you need many containers of custom bags delivered directly to your customer or a short run of a few thousand custom printed bags, Elkay has the resources to deliver both quality and value. With the ability to print up to eight colors per side and a broad selection of materials, additives and configurations to choose from, Elkay can make your most elaborate designs a reality.

- **MODERN TECHNOLOGY** that makes your life easier.

Elkay's mobile-friendly website, www.elkayplastics.com provides immediate access to pricing, product information, invoice history, UPS tracking, and order placement, even when you're on the go. It's also the home of our exclusive e-Brochure feature, which allows you to build customized product literature to help you sell more effectively. Elkay University (www.ElkayUniversity.com) is an online training module that helps Distributor Sales Reps learn about poly bags and how they're used in industry-specific product applications for Foodservice and Healthcare to expand sales opportunities in these areas.

The Right Partner for YOUR Success!

SECTION 1 SIDE GUSSET BAGS

1.1 SIDE GUSSET UTILITY BAGS

- Meet FDA requirements for use in food applications
- Made from seamless tubing and are bottom sealed for extra strength, with no slits or side seals
- Bags 15" wide and under come in dispenser packs of 100 for cleanliness and convenience
- Any size not listed can be custom made to your specifications. [See page 24 for more information](#)

The Elkay® ADVANTAGE

ELKAY PACKAGING

Elkay packaging is second-to-none! Elkay bags are packaged in clearly labeled and bar-coded cartons to help your operation run more efficiently. Most of Elkay's case-packed bags 15 inches wide and under are packaged in individually-labeled inner dispenser packs for convenience, protection and to reduce waste.

The Elkay Way

A Leading Competitor

Ask yourself: Which of these "identical" products would your customer rather package their products in?
