

Kimberly-Clark Professional* WypAll* Wiping Solutions†

For Patient Cleansing and General Cleaning Needs

In a healthcare environment, you need solutions that increase patient satisfaction and are also reliable, affordable and easy to use. WypAll* Wiping Solutions for patient cleansing and general purpose cleaning deliver on these benefits – providing hygienic cleansing options for patients and efficient, effective wipes to ensure that hospital surfaces are properly cleaned.

Our highly absorbent WypAll* Wipers include:

- **WypAll* X60 Washcloths** – These bring the absorbing power of our Hydroknit* technology to a lightweight cloth, combining versatile performance and economy for light-duty tasks. Our popular quarterfold format is portable and convenient – helping users reduce waste and increase productivity. Highly absorbent and lightweight (for general cleaning tasks), this cloth can be used multiple times and is soft enough for personal use.
- **WypAll* X50 Washcloths** – For janitorial wiping and other light-duty tasks, these cloths are absorbent and durable enough for extended use. Available in a convenient quarterfold format, these are our most economical extended use cloths. WypAll* X50 Washcloths are also available in a smaller pack size (35025) to minimize wasted product. This is ideal for isolation patient rooms, where unused products cannot be removed once brought in.
- **WypAll* L30 Towels** – Our unique Double Re-Creped (DRC) technology delivers comfort and softness. It is strong enough for wet-surface wiping and cleaning, as well as general purpose, light-duty cleanup. It can also be used to remove soils and liquids from the face and hands. It may not be used for extended periods.

Patient Cleansing Options:†

- **WypAll* X60 Washcloths** – Strong, yet soft enough for personal use.
- **WypAll* X50 Washcloths** – For isolation patient rooms, any unused product must be discarded after each patient stay.
- **WypAll* L40 Towels** – With an absorbent, sponge-like inner layer and a soft, touchable outer layer, this product is soft enough for use on the face and hands.
- **WypAll* L30 Towels** – Strong, with a cloth-like feel, this wiper is soft enough to use on the skin.

† Product is not sterile and should not be used on compromised skin.

Whether it's general cleaning or patient hygiene, WypAll* Wipers have solutions for your healthcare environment.

WypAll* Washcloths and Towels *Strong enough to clean surfaces, yet soft enough for patient care*¹
