Re Solv

Description:

(W4245) Outstanding non-corrosive liquid whitewall and wheel cleaner. This product is designed to be applied to a dry tire or wheel. Safe for most alloy wheels.

Where To Use:

Conveyor - Apply through a CTA, automatic wheel applicator or by hand as vehicle enters the wash cycle.

Dilution:

Conveyor CTA, automatic wheel applicator, or by hand - Apply to tire or wheel at final dilution rate of 2-3 parts water/1 part product. Refer to Product Proportioning Charts.

Titration:

Not Applicable.

Item #	Package Size
W4245005	5 Gallon Pail
W4245055	55 Gallon Drum

Crush Plus

Description:

(C0669) Liquid wire wheel and whitewall cleaner containing the naturally occurring solvent d-Limonene. It has an appealing citrus scent and is noncorrosive. This product may be applied automatically or manually. It may also be used as an all purpose cleaner or bug prep.

Where To Use:

Conveyor Wheels or Whitewalls - Apply through CTA or wheel applicator; may be applied manually just as vehicle enters the wash cycle.
Conveyor Presoak or Bug Prep - Apply through low pressure pre-spray applicator.

Dilution:

Conveyor CTA, Wheel Applicator or Manually - Apply to wheel or tire at a final rate of 2-4 parts water/1 part product.
Conveyor Presoak or Bug Prep - Apply to vehicle at a final dilution rate of 50-125 parts water/1 part product.
Refer to Product Proportioning Charts.

Bug Removal

Don't Bug Me

Description:

(D0864) Liquid prespray used to remove bugs. This product is best applied to the vehicle under low volume, low pressure in the prep area. It should be allowed to dwell for a short period of time. If bugs are especially thick or stubborn, the product application should be followed up with a high pressure rinse from the prep gun.

Where To Use:

Automatic Conveyor - Apply to vehicle through low volume, low pressure wand in the vehicle prep and loading area.

Dilution:

Low volume wand - 3-7 parts water/1 part product.

Titration:

Not Applicable
