

KOMODO™ URINAL FLOOR MAT

- Komodo mats are on average over 36% less expensive than competitors' products
- Komodo mats' proprietary nonwoven material stands up to regular mopping and high traffic use while providing exceptional protection, and odor control by wicking moisture to the surface to allow it to rapidly evaporate
- Komodo mats' patent pending design allows for packaging that is on average over 47% smaller than competitors' products allowing for twice the number of units to be warehoused or stored in the same amount of space as traditional urinal mats
- Komodo urinal mats are NFSI Certified as HIGH TRACTION, thus reducing the potential for slips and falls

RESTROOM FLOOR MATS

- Urinal and commode mats are approximately 5% larger than traditional products and provide greater protection to the floor
- Urinal and commode mats are manufactured with a material that has a high coefficient of friction - they have better traction and a soft flexible material that conforms to surface irregularities providing secure placement of mats
- A 36% reduction in the product's profile makes urinal & commode mats ADA compliant against trip hazards
