THE NEW STANDARD IN TOILET SEAT COVER SYSTEMS.

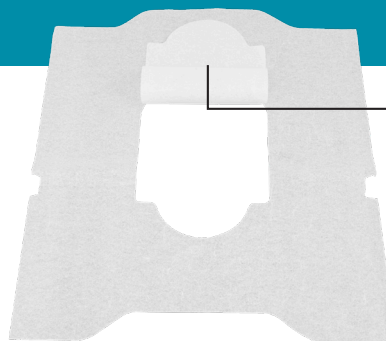

The first and ONLY hands-free toilet seat cover system

Introducing the patent-pending Evogen® NT, the first and only hands-free toilet seat cover dispensing system. The system is fully contained, that is, there is no unhygienic pre-displaying of product. Instead, all seat covers are kept clean inside the dispenser. Then, with a wave of the hand, a single cover is dispensed automatically. And the seat cover is presented from the dispenser in full and ready to use — not folded and no tabs to tear.

Customers expect hands-free technology in the restroom. It's time the toilet seat cover joins the higher level of customer expectation. That's Evogen NT — hands-free satisfaction.

Evogen® NT No Touch Toilet Seat Cover System

- Eliminates plumbing problems caused by malicious use
 - patrons glomming a handful from an open dispenser
- Empty indicator light
- Easy front load access for refill
- Similar foot print to existing dispensers
- Improves the image of the restroom
- Extended battery life – only operates when dispensing (uses 4 "AA" batteries - not included)
- Proprietary capability utilizing magnetic technology
- Thicker and heavier paper for superior sanitary barrier
- Unfolded and "ready-to-use" direct from dispenser
- No tabs to tear reducing time, embarrassing noise, and waste resulting from either tearing the seat cover and/or dispensing more than one.

Auto flush tongue flushes seat cover down with the water

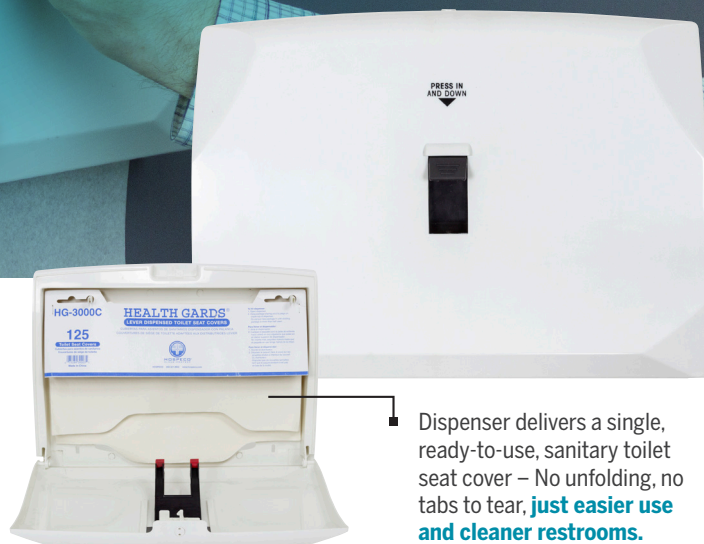

Item #	Description	Color	Selling Unit

Lever-action dispenser delivers a single disposable toilet seat cover with the touch of a fingertip!

Convenience is one of the ways patrons measure your facility and your brand, which is why it's so important to offer an easy-to-use, effective, and high-quality toilet seat cover.

Health Gards® Lever-Action Toilet Seat Cover System

- Dispenser releases a single disposable paper cover with the touch of a fingertip
- Consistent, single dispense means less waste and clean-up for maintenance staff
- The completely enclosed system keeps refills clean and sanitary
- Made from sturdy, impact resistant ABS
- Seat cover is presented from the dispenser fully open and ready to use — already unfolded, with no tabs to tear, and ready to place on the seat
- Easy to mount to wall, load, and maintain
- Holds (1) HG-3000C refill pack of 125 high quality seat covers
- The HG-3L dispenser will also dispense competitive lever-action toilet seat covers

What is Green Seal Certification?

Green Seal Certification is a third party independent audit process that ensures that a product meets rigorous performance, health, and environmental criteria. Achieving certification validates manufacturer's environmental claims and helps purchasers identify products that are proven to be safer for human health and the environment.

*This product meets Green Seal™ Standard GS-1 based on chlorine-free processing, energy and water efficiency, and content of 100% recovered paper fiber with a minimum of 30% post-consumer material. GreenSeal.org.

Nobody likes germs. In fact, studies show that 90% of people wouldn't use a public toilet without making sure that the seat is clean and free from possible disease-transferring germs. Toilet seat covers give people peace of mind.
