FILES

HALF ROUND FILES

120392
Half round wood rasp files

120302
Half round bastard files

120312
Half round smooth files

- Individual triangular teeth, formed with a burin.
- For wood, aluminum, lead, horse hooves and others soft materials.
- Rough and coarse cuts.

- Grinding teeth with hardness and homogeneous geometry.
- For fast roughing on flat, convex and concave surfaces.
- With a semicircular and a flat side.
- Simple cut, bastard.
- Recommended for fast trimming.

- For jobs that require fine finishes.
- Grinding teeth with hardness and geometry homogeneous.
- With double cut.
- Simple smooth cut.
- convex and plane surfaces.
- Recommended for fine finishing.
