Flammable Liquid Storage Cabinet

DESCRIPTION

Keep all of your flammable liquids safe in the Flammable Liquid Storage Cabinet. This storage cabinet is made up of 1" thick exterior grade plywood with 1-1/2" x 3/4" hard wood strips that are dadoed into the 1" interiors to create a seal. It features a 3" high drip tray in case of a leak, the metal adjustable shelf is designed to let the spill contain in the center of the drip pan. This cabinet meets or exceeds NFPA30 and is UL1275 standard certified. Choose from either two doors or single door options. Cabinet comes in a Northwood's oak finish and has a 3-point key lock.
