PRODUCT

KEY FEATURES

Robotic Mobile Workbench

- Build the perfect robot on this workbench designed specifically for PLTW and Robotics work
- Locking casters
- The 61"W x 49"D top has a 2-1/4" maple framed tray to keep robots safely on the table top
- The top surface is white plastic laminate for a smooth surface
- The base has two large storage areas to store your robot and includes clear Certwood totes for storing parts
- Includes: Four single totes (2-1/4"W x 16-3/4"D x 3"H), two double totes (12-1/4"W x 16-3/4"D x 6"H)
- Above the tote and open storage is an 4-3/4"H area for storing long metal rails or sheet metal

- Made of hardwood veneers
- Finished with an earth-friendly UV finish
- Minimal assembly
