SYSTEM SPECIFICATIONS

The Premier™ XS Series is the Cadillac of tennis posts; providing first-class looks and durability for both indoor and outdoor court applications.

DIMENSIONS 60" in length and sit 42" above court surface

POST These 2-7/8" OD posts are constructed from heavy-duty 8-gauge steel and feature Allied's® superior Flo-coat® galvanization process. Posts are finished with black, forest green or open tournament blue baked-on polyester powder coat to resist rust and increase durability. Integrated welded steel lacing rods are included for a professional net installation.

HARDWARE Internally wound posts feature a jam-free cable tensioning hardware system. Choose from plated steel, stainless steel or brass gears. Gear housings and caps are made of die cast zinc. The gear function is 30:1 ratio to ensure a smooth, easy operation. The flush mounted gear plate cover has a removable handle to prevent any unwanted tampering.

WARRANTY 5 Year Limited
