

SPECIFICATIONS

The perfect solution for anyone who wants an indoor batting tunnel but cant install or leave up overhead cables, permanent posts or automated drop down frames. This system is ideal for multi-purpose facilities like gymnasiums, cafeterias, pole buildings, etc. because it sets up, tears down, and stores away in minutes—leaving your space free from any overhead obstructions. The Batting Tunnel net is simply hung on each end by three cam lock pulley systems making is easy to setup and take down for storage by simply hooking or unhooking the spring link clips from the net.

KIT INCLUDES

- (6) – Eyebolts
- (6) – 8 mm Spring Link Clips
- (6) – 3/8" Spring Link Clips
