

Soccer Goals and Nets

Pro Soccer Goals, 4" Round

Official size: 8'H x 24'W x 3'D x 9'B
(Item # 37800)

These Classic Soccer Goals are built to withstand the rigors of high-level high school or collegiate play. Official-size goals measure 8'H x 24'W x 3'D x 9'B and meet NFSHSA, NCAA and FIFA specifications for regulation soccer play. Strong, Front face frame is constructed of 4" tubular aluminum with a white powdercoat finish. Backstays are 2" round powder coated aluminum and rear crossbars are made from 2" galvanized steel for exceptional support and balance. Frame has a built-in net clip track for easy net installation. Includes a durable 4 mm white net and net clips to secure to track. Ground anchors are included to lock down the netting.

Club Portable Soccer Goals, 3" Round Aluminum

8'H x 24'W x 3'D x 8.5'B (Item #37810)
7'H x 21'W x 3'D x 7.5'B (Item #37811)
6.5'H x 18.5'W x 2'D x 7'B (Item #37812)
6.5'H x 12'W x 2'D x 7'B (Item #37813)
4.5'H x 9'W x 2'D x 4.5'B (Item #37814)
4'H x 6'W x 2'D x 4'B (Item #37815)

Durable aluminum construction withstands rough weather and the repeated impact of shots on goal. 8' x 24' model meets NFSHSA specifications. Front face is made from 3" round custom aluminum extrusion with a durable white powder coated finish. Backstays are constructed of 2" round heavy wall aluminum tubing. Frame has double-reinforced, TIG-welded corners and stainless-steel hardware. The included 4 mm white net installs easily with the frame's built-in net clip track and net clips. Ground anchors keep the goals in place during windy conditions and powerful kicks. Goal is available in a variety of sizes to accommodate players of all skill levels. Back bottom bar is included with 24', 21' and 18.5' wide models. Sold per pair.

Sold per pair. Systems Include Net, Net Clips and Ground Anchors

Practice Goals

Portable Practice Goal
(Item # 37420)

Turn any park into a soccer field using this 8'high x 24' wide Portable Practice Soccer Goal. Made from 2" extra-strong aluminum tubing for a sturdy frame that withstands the toughest plays. Four ground stakes keep the goal anchored to prevent movement during the game. Full-size weather-resistant net holds up against wear and tear from repeated shots on goal. Fast break-down and convenient portability with a 3-piece front crossbar system. Sold as a single goal with net.

Foldable/Portable Indoor Goal

Complete Goal (Item # 37430) Replacement Net (Item # 37431)

Portable indoor Soccer Goal is ideal for practices, tournaments or recreational play. Frame measures 6.5' high x 12' wide and 5' deep. The goal goes up quickly and is easy to reposition and transport. Backstays fold inward and encourages compact storage and portability for indoor soccer. Face frame is 2" square, white powder-coated steel that can withstand a barrage of hits. Soccer net is made up of durable 3 mm white polyethylene netting. Non-marking floor pads on all four contact points of the frame ensure gym floors stay unmarked. Sold as a single goal with net.

○ Soccer Nets

Durable, replacement polyethylene soccer goal nets. Nets are available in 5 mm braided polyethylene or 4 mm twisted knotted polyethylene. 5 mm is available in either white or orange.

Item #	Size				Material	Color
	Height	Width	Top Depth	Bottom Depth		
37080	8'	24'	5'	10'	5 mm braided polyethylene	White
37081	8'	24'	5'	10'	5 mm braided polyethylene	Orange
37082	8'	24'	3'	8.5'	4 mm twisted knotted PE	White
37083	7'	21'	3'	7.5'	4 mm twisted knotted PE	White
37084	6.5'	18.5'	2'	7'	4 mm twisted knotted PE	White
37085	6.5'	12'	2'	7'	4 mm twisted knotted PE	White
37086	4.5'	9'	2'	4'	4 mm twisted knotted PE	White
37087	4'	6'	2'	4'	4 mm twisted knotted PE	White

○ Soccer Accessories

Wheel Kit for Portable Soccer Goals (Item # 37835)
Easily move your portable soccer goals with this add-on wheel kit. Attaches to any backstay up to 2" OD. Kits are sold in sets of (2) wheels. Two sets are required for a pair of goals.

Velcro Soccer Net Straps (Item # 37839)
16" (for 3" and larger items)
Constructed with hook-and-loop closures, the straps adjust to wrap around different-size poles, and they easily pull apart when it's time to change the netting or take the soccer goals down at the end of the season. With a set of 24 straps, teams can secure all angles of the net on each end. Hook-and-loop design is easily adjustable to fit different poles. White design coordinates easily with any color goal and doesn't stand out.

Twist-in Net Hooks (Item # 37838)
White plastic net hooks twist-in and secure net to soccer goals. Sold in a set of (50) quantity.

In-Ground Anchors (Item # 37836)
12" long; 2" OD galvanized steel. (4) anchors per goal required.

○ Douglas® Netting Systems

Complete your facility with Douglas® Netting Systems that are designed to stop balls, prevent property damage and provide player and spectator safety. All systems include high-quality netting, poles, and all the hardware needed for a complete installation. These Netting Systems are ideal for Multi-Sport Facilities where multiple games or practices are going on simultaneously. Systems are designed to meet your specific needs and can be custom fabricated to virtually any size.

Douglas® Barrier Netting Systems (Item # 67420)

Standard Barrier Netting Systems include aluminum poles, netting, pulleys and hardware. Pole hoist system is designed so the netting can easily be raised and lowered without the use of ladders or lifts. Standard pole height is 20' high with a maximum pole spacing of 20' apart. Custom sizes are available to meet your application needs. (Shown left)

Douglas® Permanent Netting Systems (Item # 67200)

Permanent Netting Systems include heavy-duty steel poles, netting, high-tension cable and hardware. Any height can be accommodated up to 40' and custom sizes are available. Quality outdoor netting is UV and weather resistant and is custom made for your project and application.
