

FIXED BASKETBALL SYSTEMS

Super-Six™ Systems

- Strong 4" square structural steel with 3/16" wall thickness
- Rigid - Rim mounts through the backboard and directly to the extension arm for maximum safety and excellent rebound
- Attractive acrylic powder-coated finish to prevent chipping and provide ultimate corrosion protection
- Easy-to-install three piece design allows for minor adjustments in height and squareness to the playing surface
- Designed for safety - a standard 6' extension arm for maximum safe-play area. The unique top-cap design reduces the possibility of the extension arm slipping or falling resulting in an injury
- Custom extension lengths available at 3', 4' and 5'. Must specify when ordering
- Standard in-ground installation (direct bury)

Super-Six Complete Package Systems

Super-Six FAL (Item # 69350)
Fan Shaped Aluminum Backboard and Dura Goal I

Super-Six FST (Item # 69180)
Fan Shaped Steel Backboard and Dura Goal I

Super-Six RST (Item # 69190)
42" x 60" Steel Backboard & Dura Goal I

Super-Six RPGR (Item # 69200)
42" x 60" Acrylic Backboard & Pressure Flex Goal

Gooseneck Systems

- Zinc plated pole and hardware
- Available in 3.5", 4.5" or 5-9/16" OD poles

Gooseneck

3.5" OD pole, 3' extension; w/ Sway Braces (Item # 39180T)

4.5" OD pole, 4' extension; w/ Sway Braces (Item # 39180)

5-9/16" OD pole, 6' extension; w/ Sway Braces (Item # 39180M)

Backboard Options

FST: Fan Shaped Steel (Item # 39165)

Made from heavy-duty 12-gauge steel. White graffiti resistant powder-coated finish with official orange target. Extra-strength steel mounting support structure with standard 5" x 5" hole pattern. Directly mounts to extension for increased safety and better rebound.

- 35" x 54" Fan Shaped Backboard
- Graffiti resistant powder-coated finish
- Heavy-duty steel
- Official orange painted target
- 10 Year limited warranty

FAL: Fan Shaped Aluminum (Item # 39166)

Extra-strength mounting support structure with standard 5" x 5" hole pattern. Directly mounts to extension for increased safety and better rebound.

- 35" x 54" Fan Shaped Backboard
- Heavy-duty aluminum
- Official orange painted target
- 10 Year limited warranty

RST: Rectangular Steel (Item # 39161)

Constructed from heavy-duty 12-gauge steel. White graffiti resistant powder coated finish with official orange target. Extra-strength steel mounting support structure with standard 5" x 5" hole pattern. Safety rolled edges eliminates potential injuries and increases strength and rigidity. Directly mounts to extension arm for increased safety and better rebound.

- 42" x 60" rectangular backboard
- Graffiti resistant powder-coated finish
- Heavy-duty steel
- Official orange painted target
- 10 Year limited warranty

Front View

Back View

RPGR: Rectangular Clear Acrylic (Item # 39110A)

3/8" thick shatter proof clear acrylic is fade resistant and will never fog or cloud. The acrylic is also highly resistant to scuffs and abrasions. Backboard is encased in an all aluminum frame, completely supported by a welded steel back frame. Standard 5" x 5" hole pattern.

- 42" x 60" Rectangular Backboard
- Shatter-proof clear acrylic
- 10 Year limited warranty

Goal Options

Standard Features:

- Complete with net and hardware
- Constructed of durable steel
- Powder coat finish for maximum protection
- All goals mount for a standard 5 x 5 bolt pattern

Pressure Flex™ Breakaway Goal (Item # 39661)

- Durable 5/8" solid steel
- Powder-coated finish
- Shock absorbing mechanism enclosed within a formed steel cover
- Meets specifications for moveable goals
- 12 no-tie net holders
- Includes nylon net

Dura Goal I™ (Item # 39159)

- Double steel ring goal with 5/8" top and 1/2" bottom
- Twin brace bars are 1/2" top and 3/8" bottom
- Powder-coated finish
- 12 no-tie net holders
- Includes nylon net

Dura Goal II™ (Item # 39157)

- Double steel ring goal with 5/8" top and 1/2" bottom
- Twin brace bars are 1/2" top and 3/8" bottom
- Bottom ring is indented to allow for steel net to be fastened to the goal using "S" hooks
