Product's highlights & user's benefits

The microphone listens to the environment and amplifies weak sounds, plus it suppresses impulse noise exceeding 82 dB.

An audio jack (3.5 mm jack) for connection of MP3 Players and Radios is standard and provides listen-only capability.

Low force, fork-type stainless steel headband offers the lowest and consistent pressure on wearer's head.

4-hour automatic shutoff to conserve batteries. Uses two 1.5 Volt AAA alkaline batteries providing up to 175 hours of usage.

Soft cushioned headband for all day wear and ear cushions are replaceable.
