

AirSpecs™

For humid environments where nothing else keeps lenses from fogging up. Designed to protect the eye socket from pokes and prods of stationary or very low energy, non-fragmenting objects over 1 mm in diameter.

AirSpecs™

Steel Mesh "lens"
GUARANTEED NOT TO FOG!

Product Features:

Great for workers harvesting fruits or crops or arborists using non-powered cutters and trimmers to protect eyes while closely working around leaves, twigs and small tree branches.

- Stainless Steel mesh "lenses" provide limited hazard protection while allowing air to freely pass through the frame for comfortable, non-fogging protection.
- Wrap around frame design with foam face seal provides excellent eye socket protection.
- EVA closed-cell foam provides a comfortable face seal and long lasting durability.
- Pantoscopic angle adjustment temple allows a better fit on more faces.
- Elastic fabric headband is adjustable for a comfortable, secure fit.
- Meets ANSI Z87.1 for basic impact (1" ball-drop) protection.

Other Key Product Features

- 0.45 mm stainless steel wire with 0.8 mm mesh openings provide durable, non-rusting protection from low energy, non-fragmenting particles.
- Black Anodized coating on steel mesh reduces reflections and glare.
- Steel mesh “lens” reduces visible light by 60%, so it acts like a sunglass to reduce glare.

WARNING

This spectacle meets ANSI Z87.1-2010 Basic Eye Protector. It has a steel mesh “lens” that will protect against larger (<1.0mm diameter), non-fragmenting, low energy particles and objects. This spectacle **SHOULD NOT BE USED** for high velocity or high mass projectiles or small particles or liquids that can pass through the mesh lens. The mesh lens **DOES NOT** provide UV protection and reduces available light by 60%. Use only in a well-lit area. The user must assure that the spectacle can achieve a secure fit, determine if the spectacle will provide adequate protection from all anticipated hazards and wear the spectacle at all times when exposed to hazards.

THIS SPECTACLE PROVIDES LIMITED PROTECTION AND IS NOT IMPENETRABLE OR UNBREAKABLE! Many applications require different or additional personal protective equipment or Engineering controls. Inspect this spectacle before each use and replace immediately if any excessive wear or damage exist.

FAILURE TO FOLLOW ALL OF THE ABOVE WARNINGS AND INSTRUCTIONS MAY RESULT IN SERIOUS PERSONAL INJURY INCLUDING BLINDNESS OR DEATH!

Ordering Information

Product No.	Product Description
