

VB 65

VB-65 FULL-BRIM DIELECTRIC VISOR BRACKET

Ref. WELVB65_

Product specifications

The VB-65 Full-Brim Dielectric Visor Bracket quickly and securely mounts on all major brands of full brim hard hats to allow attachment of a variety of face shield options.

Material: Nylon

VB-65 Overhead Center Position balances & distributes the weight of the shield evenly.

Strong ratcheting spring securely holds face shield in up or down position.

Stores face shield in 'ready to use' over the hard hat and out of the way in an evenly balanced position to reduce interference with work activities and improves comfort and reduces fatigue.

Helps Full Brim Hard Hat users to comply with Electric Power Generation, Transmission and Distribution Maintenance and Construction requirements for Arc Flash Protection.

Dielectric/Non-conductive construction for electrical applications.
