Decorative Receptacles for Waste and Recycling

BLACK TIE SERIES

Make Recycling Upscale

Since 2009, the original Kaleidoscope Collection remains one of our best-selling collections. Popular not only because of the quality that Ex-Cell Kaiser is known for, but also because this extremely affordable collection is bright, bold and fully customizable.

In honor of the 10th anniversary of the Kaleidoscope Collection, we have created the Black Tie Series; striking yet simple, perfectly designed with exceptional craftsmanship. Our Black Tie Series features new, premium gloss finishes with platinum lids and subtle grey graphics for those facilities where only the best will do.

The Black Tie Collection offers customers the ability to establish their recycling collection stations in a variety of designs and options to meet their needs. As needs change, the Kaleidoscope Collection can be reconfigured and modified without the need to reinvest in all new receptacles. If that's not enough customization for you, take it to the next level with custom colors, signage and/or a logo.

Experience why thousands of facilities across the country rely on the Kaleidoscope to meet their recycling and trash needs – design your custom station today!

As a result of our commitment to continuous improvements, occasionally minor changes may be made to our products without advance notice. Such changes are minor and have no effect on the form, fit and function of a product but may result in a minor cosmetic difference. Ex-Cell Kaiser will never mix any products that may have modifications within a single order. Our website will always reflect the most current product image.
