Water Testing Product Guide

Testing is easy with AquaChek!

CONSUMER

AquaChek Peroxide 3 in 1
Peroxide, pH, Total Alkalinity

Product #562249

Testing for peroxide can be useful when using non-chlorine type oxidizing treatments, such as "active oxygen" or "peroxide shock" types.

AquaChek Spa™ 6 in 1
Total Chlorine/Bromine,
Free Chlorine, Total Alkalinity,
pH, and Total Hardness

Product #552244

AquaChek Spa 6 in 1 Test Strips are specifically designed to meet the unique testing needs of hot tubs/spas. To maintain healthy, balanced spa water use these convenient 15-second dip and read test strips.

FAST • EASY • ACCURATE™

AquaChek Yellow 4 in 1
Free Chlorine, pH,
Total Alkalinity,
Cyanuric Acid

Product #511242A

Receive four important test results in just one dip.

AquaChek Red 4 in 1
Total Bromine, pH, Total
Alkalinity, Total Hardness

Product #521252A

To keep spas at their best, test the water before each use.

AquaChek MPS 3 in 1
Monopersulfate, pH,
Total Alkalinity

Product #561682A

An ideal level of monopersulfate oxidizes contaminants and allows for immediate use. No waiting.

AquaChek Biguanide 3 in 1
Biguanide, pH,
Total Alkalinity

Product #561625A

Simplifies testing for pools and spas using biguanide rather than chlorine as a sanitizer.

AquaChek Select° 7 in 1
Total Hardness, Total Chlorine,
Total Bromine, Free Chlorine, pH,
Total Alkalinity, Cyanuric Acid

Product #541604A
Product #541640A (Refill)

Provide customers with a complete pool chemistry testing package that includes: AquaChek Select 7 in 1 test strips, Complete Guide to Pool and Spa Care, detailed water treatment recommendations, color comparator and test log for recording results.

AquaChek Salt System
Test Kit
Sodium Chloride,
Free Chlorine, pH,
Total Alkalinity,
Cyanuric Acid

Product #542228

Convenient duo pack measures the effectiveness of any salt generator. The double blister pack contains a 10 ct. bottle of AquaChek White Salt Titrators and a 25 ct. bottle of AquaChek Yellow 4 in 1 Test Strips.

AquaChek White
Salt Titrators
Sodium Chloride

Product #561140A

Results available with precision and ease through the use of capillary action.

AquaChek Copper 3 in 1
Copper, pH,
Total Alkalinity

Product #512232

Use to detect levels of copper in mineral-based systems.

AquaChek® TruTest® 2.2

Automates Color Matching

Spend more time relaxing not guessing with automated color matching!

The AquaChek® TruTest® Digital Test Strip Reader provides users with a digital alternative to color comparison tests. Follow the new instruction guide and dip a strip, place on the digital test strip reader, and let it do the work for you–no color matching.

Improved Function!

- Auto-Timer with Countdown Feature
- Color Matching Controls
- Improved Instructions

AquaChek TruTest Digital Test Strip Reader
Free Chlorine/Bromine, pH,
Total Alkalinity

Product #2510400 includes:

- TruTest Digital Test Strip Reader
- User's Guide in 15 languages
- Pool care and treatment information
- 25 TruTest Test Strips, sun shield, and cleaning tool

AquaChek TruTest Test Strip Refill Blister Cards
(50 strips per bottle) **Product #512082**

AquaChek TruTest Dealer Starter Kit

Product #502149 includes:

- 6 TruTest Digital Test Strip Reader
- 6 TruTest Test Strip Refill Blister Cards (50 strips per bottle)
- Point-of-Purchase display
- Ceiling dangler

AquaChek TruTest Try Me Station

Product #LITE 166 includes:

- 1 TruTest Digital Test Strip Reader
- 1 Countertop display w/ attached spring cord
- 1 Cleaning tool
- 2 AA batteries
- 6 bottles TruTest Test Strips (25 strips per bottle)

FastChek PRO

PROFESSIONAL POOL PRESCRIPTION SYSTEM

Runs on PC environments

Visit www.aquachek.com for a list of system requirements.

DIGITAL

Save time and money by providing customers with professional results in just 2 minutes!

The improved FastChek Pro® Professional Pool Prescription System is a complete in-store test system that includes an advanced test strip reader, test strips and customizable software for any line of chemical brand(s).

Features:

- Provides 2 levels of software access (users and administrators)
- The ability to import/export customer databases
- Set up tests in advance
- Low cost per test
- Test results & prescription in 2 minutes for 6 chemistries
- Takes up minimal counter space and is portable
- Real-time access to professional technical support
- No messy liquid reagents

FastChek Pro Professional Pool Prescription System
Free Chlorine, Total Chlorine, Total Bromine, Hardness, pH, Total Alkalinity, Cyanuric Acid, Borate, Nitrate, Total Dissolved Solids, Iron, Copper

Product #2525500 includes:

- Digital Test Strip Reader
- Starter set of specially-designed test strips
- Cleaning tool and wipes
- Software and instructional DVD
- Static window cling

FastChek Pro Maintenance Kit
Product #562193 includes:

- Cleaning tool and wipes
- 2 Calibration strips
- 1 Check strip

FastChek Pro Complete 6-way Test Strips
Free Chlorine, Total Chlorine, Total Bromine, Hardness, pH, Total Alkalinity, Cyanuric Acid

Product #2524900

FastChek Pro Advanced 3-way Test Strips
Borate, Nitrate, Total Dissolved Solids

Product #2525100

FastChek Pro Total Iron Kit

Product #DL60113B

FastChek Pro Copper Test Strips

Product #2525300

Improved window management and controls make the software faster and easier to use.

Added export and import of chemicals makes prescription customization faster and easier.

**IMPROVED SOFTWARE**

PROFESSIONAL

AquaChek Silver 7 in 1

Total Hardness, Total Chlorine, Total Bromine, Free Chlorine, pH, Total Alkalinity, Cyanuric Acid

Product #551236

The ultimate one-dip test for professionals.
100 strips per bottle

AquaChek One-Minute Phosphate Test

Product #562227

Kit includes 20 phosphate powder pillow reagents and testing vial in a convenient water-resistant bottle. Keep phosphate levels in check to prevent algae outbreaks.

Professional Products

The only brand that offers every pool and spa test strip a pro needs.

The AquaChek® Advantage – Our world-class manufacturing facility produces test strips for the medical industry. This same quality and product integrity are the cornerstones for AquaChek pool and spa test strips.

AquaChek Pro® 5 in 1

Total Chlorine, Total Bromine, Free Chlorine, pH, Total Alkalinity

Product #511710

The five critical tests every pro needs.
100 strips per bottle

AquaChek Pro II™ 4 in 1

High & Low-Range Total Hardness, Cyanuric Acid, Total Dissolved Solids (TDS)

Product #512084

A convenient product that combines three tests, replacing the need to carry the individual tests. Great complement to AquaChek Pro 5 in 1.
25 strips per bottle

AquaChek Copper
Product #661454E
Avoid nasty stains and discolored water by detecting up to 3 ppm copper with this test.
25 strips per bottle

AquaChek Total Hardness
Product #561220
AquaChek Total Hardness test strips have two pads, allowing you to measure both low and high range. Two scales are provided: 0-120 ppm and 250-1,000 ppm.
25 strips per bottle

AquaChek Cyanuric Acid
Product #561219
Protect chlorine from sunlight and its UV radiation with proper levels of cyanuric acid, otherwise known as "stabilizer" or "conditioner."
25 strips per bottle

AquaChek Total Iron
Product #661455E
Helps to prevent rusting of pool and spa fixtures and plumbing with accurate testing.
25 strips per bottle

AquaChek White Salt Titrators
Product #561161
Simplify salt water testing for systems using chlorine generators with our unique titrator and calibration chart. No color comparison needed.
40 strips per bottle

AquaChek Nitrate/Nitrite
Product #641426E
Keep both nitrate and nitrite levels in check to prevent rapid algae growth.
25 strips per bottle

AquaChek High-Range Chlorine
Product #652013E
Allows you to test chlorine levels up to 600 ppm, helping you make better decisions for water adjustments.
100 strips per bottle

AquaChek Borate
Product #562012
Borate is used in combination with sanitizers to kill bacteria and inhibit algae development. This product detects levels from 0-80 ppm.
25 strips per bottle

AquaChek Sodium Bromide
Product #562053
Ideal for bromine generator systems. Same product as salt but calibrated to Sodium Bromide.
10 strips per bottle

AquaChek TDS
Product #561683
Prevent hazy water, scale buildup and corrosion caused by high levels of Total Dissolved Solids.
25 strips per bottle

AquaChek Trilingual Professional Products

AquaChek EU Silver 7 in 1
Total Hardness, Total Chlorine, Total Bromine, Free Chlorine, pH, Total Alkalinity, Cyanuric Acid
Product #552237
Labeling Languages: Fr/Sp/Ger
100 strips per bottle

AquaChek EU PRO II 4 in 1
Low Range hardness, High Range Hardness, Cyanuric Acid, Total Dissolved Solids
Product #532239
Labeling Languages: Fr/Sp/Ger
25 strips per bottle

AquaChek EU PRO 5 in 1
Total chlorine, Total Bromine, Free Chlorine, pH, Total Alkalinity
Product #542238
Labeling Languages: Fr/Sp/Ger
100 strips per bottle

AquaChek EU Cyanuric Acid
Cyanuric Acid (Stabilizer)
Product #562240
Labeling Languages: Fr/Sp/Ger
25 strips per bottle
