Anatomy of a Pleatco Filter Cartridge

Fundamentals of a properly designed pool or spa filter cartridge.

Pleatco Free Flow Cores[®]

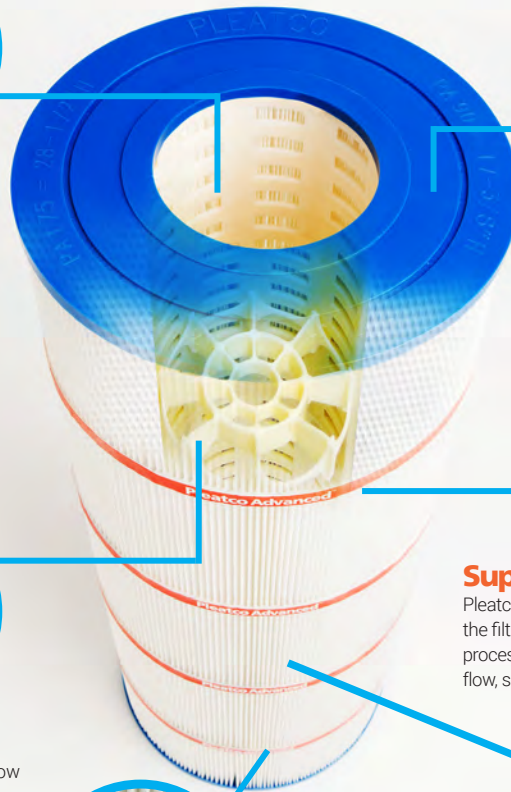

Engineered ABS for greater flow, higher efficiency and energy savings

Pleatco's unique Free Flow Cores maximize filtration performance of the entire cartridge by delivering optimized water flow to a greater surface area of the filtration fabric capturing the most dirt particles while reducing energy consumption and increasing the filter life. Pleatco Cores are highly engineered, incredibly strong molded ABS - not just regular PVC pipe with holes drilled in it.

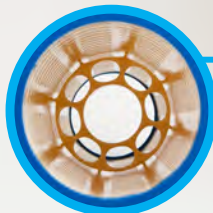

Pleatco End Caps

Pleatco end-caps are break resistant and are highly resistant to chemicals. With ergonomic handles and have an easily identifiable part numbers our end caps make replacement easy.

Super-bond Bands

Pleatco break-resistant super-bond bands are sealed tight to the filtration fabric with an incredibly strong unique bonding process keeping the pleats sharp and separated for greater flow, superior filtration and longer product life.

Reinforced Center Cores

Our meticulously engineered center cores allow for increased dirt loading and high pressures while providing ultra-solid protection for the structural integrity of the cartridge.

Pleatco Smart Tracker

• A Pleatco Original - An industry first!

Pleatco's Smart Track time stamping technology allows for lifelong product identification, quality tracking and warranty accountability. No other filter cartridge in the world offers this technology designed to provide true customer support and a 'real life' feedback mechanism for us to keep advancing the research and development of our filtration products.

Pleatco Advanced Filtration Fabrics[®]

• Highest fiber count - Holds more dirt!

• Most advanced filtration technology in the industry

Pleatco Advanced Filtration Fabrics are a uniformly point bonded media with the HIGHEST FIBER COUNT per unit area over competitive fabrics. Reduced pore size distribution offers rapid cleaning and superior dirt holding capacity delivering lower pressures and higher flow rates for perfect cleaning results.

Leaders in science and innovation.

Happily accountable.

"Our goal is to make sure that every filter cartridge that leaves our plant is of the absolute highest quality. Our new **Pleatco SmartTrack®** system will allow us to follow each filter for the life of the product providing full accountability. At Pleatco we stand behind our products with pride."

VP Operations, Pleatco

PleatcoSmartTrack®

Pleatco's latest innovation, Smart Track® time stamping technology, allows for lifelong product identification, quality tracking, and warranty accountability. No other filter cartridge in the world offers this substantial feature designed to provide true customer support and a 'real life' feedback mechanism for us to keep advancing the research and development of our filtration products. Just one more reason to rely on Pleatco.

- Contains more fibers per unit area offering far greater volume dirt holding capacity than other filtration fabrics
 - Reduced pore size distribution in the fabric provides impressive turbidity reduction and filtration flow
- Easily and efficiently captures dirt particles to achieve a deeper level of cleanliness and clarity than ever before
 - Uniformly placed weld spots make Pleatco Point bonded fabrics the strongest and most robust
 - Fabric returns to a high state of original performance after cleaning
 - Greater usability, longer cleaning cycles, and less service time.

UNLIKE ANY OTHER FILTRATION FABRICS!

Old School

Nobody talks about cores. Why? Because all of our competitors use PVC pipe with holes drilled in them.

Take a few seconds and look inside any of our competitor's cartridges and then look inside ours... you'll see the difference immediately. It's obvious. Pleatco's cores allow for the even flow of water through the entire cartridge which increases filtration, uses all the Pleatco Advanced Point Bonded Filtration Fabric®, and makes it easier for the pump to move water through the entire cartridge. Pleatco's Free Flow Cores are designed to be efficient, robust and save energy.

Quality matters. Choose wisely.

Pleatco Advanced ULTRA™

REVOLUTIONARY FILTRATION TECHNOLOGY PATENT PENDING

PLEATCO'S THREE EXCLUSIVE INNOVATIONS WORK IN HARMONY TO DELIVER ULTRA PERFORMANCE.

Over the past 5 years, Pleatco Advanced Technology has become the new standard in pool & spa filtration.

We stand behind the honest fact that all our filter cartridges featuring Pleatco Advanced Point Bonded Filtration Fabric™ & Free Flow Core Technology hold more dirt, are easier to maintain, provide greater flow, save energy and last longer... and we have the research and results to prove it.

Our mantra is "constant improvement" and we have continued to develop new products that leverage and enhance our 100% unique and exclusive technology.

But we did not stop there.

Pleatco Advanced ULTRA is driven by Revolutionary new Pleatco PURE PLEAT.

- ✓ OPEN PLEAT PATH
 - ✓ ENHANCED FLOW DYNAMICS
 - ✓ OPTIMIZED PERFORMANCE
-
- ✓ HOLDS MORE DIRT
 - ✓ HIGH PERFORMANCE
 - ✓ LONGER CYCLE TIMES
-
- ✓ GREATER FLOW
 - ✓ LESS WEAR & TEAR ON PUMP
 - ✓ SAVES ENERGY, TIME, MONEY

Introducing **Pleatco Advanced ULTRA™** driven by our revolutionary technology **Pleatco PURE PLEAT™**.

It has taken the entire Pleatco team over 3 years to develop, thoroughly test and prepare for the market. **Truly in a category of it's own.**

Product roster

Welcome to the new Pleatco.

At Pleatco we take business growth and expansion very seriously. Pleatco manufactures 100% of the products it sells throughout the world. We use the most technologically advanced pleating machines giving the company flexibility far beyond any of our competitors to use a wide range of materials to build innovative products.

In November of 2006, Pleatco operated in 12,000 square feet of leased space in New York. Today, our new factory in Louisville, KY is approximately 150,000 square feet. The move from New York to Louisville in late 2020 was an important strategic milestone that provides a significant increase in production capacity and manufacturing efficiencies. We are proud of our new facility and workforce that is made up of team-members from NY and new employees from the Louisville region.

Pleatco is recognized for speed of delivery. With the nationwide support of a state-of-the-art distribution center in California, our products are being shipped to the western and southern regions of the USA and the pacific markets quicker and more cost effectively than ever. Our 2nd plant in Mexico allows for greater volume and peace of mind to our customers that Pleatco products will always be available. Our expansion is just another way that signals that at Pleatco we truly live by our mantra of 'constant improvement'. Pleatco – from sea to shining sea.

To be the best you need coast to coast coverage.

Easily identify any pool or spa filter cartridge.

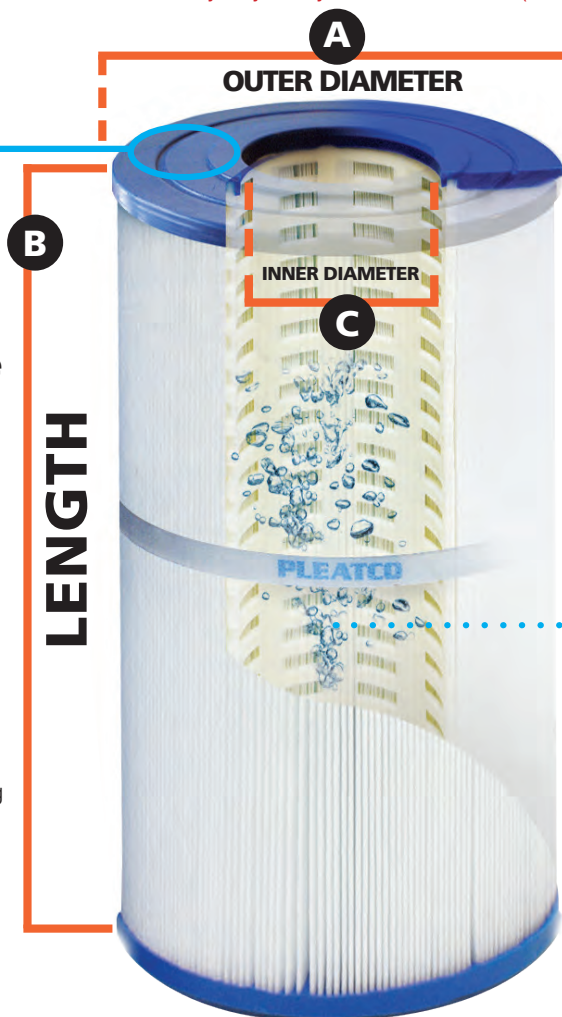

Locate part number on the cartridge endcap

NO PART NUMBER? MEASURE THE CARTRIDGE > A-B-C

Measure the outer diameter of the cartridge

Measurements may vary. Always allow a variance of (+/- 1/16 inch)

Measure the overall length of the cartridge

(+/- 1/16 inch)

Only measure from end-cap to end cap!

Do not include handles or thread

Tip:

A more accurate measurement is made by measuring through the center of the cartridge when possible.

Measure the inner diameter

The top or bottom hole of the cartridge

(+/- 1/16 inch)

Please note:

Some Pleatco Filter Cartridges include a robust inner core for extra strength and durability.

WE DON'T BUILD THE TANK... WE MAKE IT WORK BETTER!

Pleatco DE GRIDS

Lighter. Stronger. Better.

Only getting basic results from your current DE Grids and looking for an innovative replacement solution that can super charge your tank's filtration performance? Pleatco DE GRIDS are scientifically engineered to deliver optimized filtration. Built with high impact ABS material featuring a high 'strength-to-weight' ratio, our grid frames are noticeably lighter in weight while providing superior strength, performance and dependability. Pleatco's unique Filtration Fabric®, a high performance woven polypropylene, contains only virgin resins to maximize filtration. Get the absolute best filtration possible out of your tank - replace with Pleatco.

Pleatco DE Grids are engineered to outperform and outlast any other.

FILTERWASH™

FILTER CARTRIDGE CLEANER

The mighty little tablet that does the work for you!

Introducing NEW Pleatco FilterWash, a hassle free way to get your filter cartridges sparkling clean.

Pleatco FilterWash™ is a simple to use cleaning table specially formulated to penetrate deeply into any reusable cartridge filter and remove the accumulated materials such as suntan lotion or oil, body oil, grease, dirt, soap scum and other organics. This thorough cleaning allows cartridges to return to a high level of original performance without harming the filter. Unlike other cleaning agents, Pleatco FilterWash™ comes in specific formulas - one for pools and one for spas, scientifically engineered for each environment. So let us do the work for you, simply and effectively.

- ✓ Fast acting Fizz tablet
- ✓ No measuring. No messy chemicals
- ✓ Releases body oils, sun tan lotion and dirt
- ✓ Safe and easy on the filtration fabric
- ✓ Loosens debris from the fabric surface

Pleatco FILTERWASH™

FILTER CARTRIDGE CLEANER

The awesome little tablet that does the work for you!

A fresh new product solution and sales approach!

Separate Pool / Spa Tablets

Individual formulas for each application

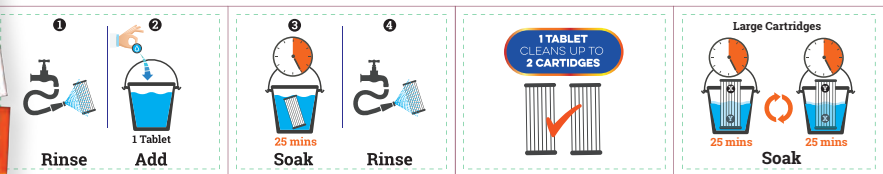

Each Tablet individually wrapped with fold-out instruction booklet and barcode

Sold in individually branded Dispenser Boxes
Pre-filled with product
Great for counter or shelf display

Cross sell label on every Pleatco Filter Cartridge to Launch and promote products

We've taken cartridge cleaning in a completely new direction, away from the typical spray-on products and into a simple tablet solution that is easy to use and easy to sell. PleatcoFilterWash tablets are engineered for individual Pool / Spa applications - a unique and exclusive concept to Pleatco - and have separate formulas for both applications.

Pleatco FilterWash tablets come in an attractive dispenser box that lists features, benefits and instructions so the customer or the store salesperson can immediately understand the simplicity and strength of the product. The dispenser boxes are pre-filled and are perfect for either the sales counter or on the shelf. Tablets come individually wrapped with a BARCODE on the front and a fold-out booklet that includes instructions. One tablet comes in a packet and cleans up to two filter cartridges.

For support we have created "how to videos" and a stand alone website PleatcoFilterWash.com. The product will be heavily promoted through cross sell labels on all Pleatco Filter Cartridges. Pleatco FilterWash tablets can be used to clean any filter cartridge and are a natural sales extension. So get started with new PleatcoFilterWash today.

Pleatco PureSTART™ PRO SERIES

PREMIUM PRE-FILL WATER FILTERS

NEW

Clean water starts here.

Introducing **Pleatco PureStart™ PRO SERIES Pre-Fill Water Filters** premium high performance, disposable filter cartridges, scientifically engineered to overcome the problems associated with tap, ground and well water. **Pleatco PureStart™ PRO** cartridges attach to a garden hose and effectively reduce harmful elements, filtering the water BEFORE it enters into a pool or spa.

The city water you use to fill a pool or spa is not by any means ready for instant use. By using a **Pleatco PureStart™ PRO** Cartridge to filter water as you fill or top off, the turnaround time to get your customers enjoying their pool or spa is far quicker. Customers with well water in particular need to capture all levels of dirt and particles. The 4-STAGE filtration effectively reduces heavy metals, calcium levels, chlorine / chloramines as well as volatile organic compounds (VOC's).

Pleatco PureStart™ PRO filters come in two sizes.

PPS2.5K

filters up to 2,500 gallons of water and is ideal for spas and hot tubs, kiddie pools, above ground pools, swimming spas and topping off pools.

PPS10K / PPS40K

filters up to 10,000 / 40,000 gallons of water is mainly for filling large bodies of water from above ground pools to swimming spas, to in ground pools and sport facility pools.

These cartridges have the added benefits of calcium blocking.

These are ideal products that a service pro or a pool or spa owner can use with ease.

Perfect POOLGUY/GAL SEARCH

Honoring excellence.

The Pleatco Perfect Pool Guy & Gal Contest originated in 2008. What started out as a local contest quickly turned into a serious nation-wide search, and is now an international event. While some of the original entries were funny, most of the entries were submitted by loyal customers who truly appreciated the commitment to service at the highest level by their "Guy."

The contest originally started as a search for the Perfect Pool-Guy, but as the nominations started rolling in it quickly became clear Pleatco would also be searching for the Perfect PoolGal. The judging panel was so impressed with the overall range of talent and experience shown by the contestants that Pleatco also expanded the awards to include the Big Heart Award for community service, the Industry Achievement Award, and the Future Leadership Award, a tradition that continues on today.

Over the past thirteen years, more than 1,600 people have entered the contest and nearly 85,000 people have voted for the winners. Each year, the Pleatco Perfect PoolGuy/Gal Search® has grown and continues to illuminate the strengths and passions of the pool service industry. Pleatco is proud to honor the men and women who work hard each day to not only service pools and spas, but also help educate and care for their customers.

Pleatco, Genesis, Pool & Hot Tub Alliance and AQUA are honored to be the co-sponsors of this important industry event. We look forward to continuing to reward the industry for years to come.
