Your Solution For Cleaning, Maintenance, Accessories & Games

ANIMAL Pro

Brushes

by poolpals™

22" & 28"

22" & 28" Animal Brush
For Vinyl & All Surfaces
Poly Bristles
22" - BR4122S
28" - BR4128S

Vinyl Pool Brush™

Straight Body Style Gives Full Bristle Contact

Hydrodynamic Technology

One Hand, Easy Push!

You can feel the brush cling to the surface.

- Strength & flexibility; designed to contour with the pool's surface so there's less force needed when brushing.
- Cutting edge fiber technology
- Corner bristles for hard to reach nooks
- All Animal tools fit the Animal Pro Snap Lock Pole and standard pool poles

Plaster Pool Brush™

22" and 28" Animal Brush
For Plaster & Gunite Surfaces
Combo Grit/Poly Bristles
22" - BR4122C
28" - BR4128C

Pebble Pool Brush™

22" & 28" Animal "The Grit Brush™" Brush
For Pebble & Aggregate Surfaces
22" - BR4122G
28" - BR4128G

The Pro's Pool Tools!

Powerful magnets easily remove metal objects that can cause stains!

NEW ANIMAL Pro Snap Lock™ Pole

The Pro Snap Lock Is A No Slip, No Twist, Positive Lock, Telescoping Pole

This innovative pole design offers unsurpassed strength while providing superior ease of operation. Push-button adjusting along with positive locking positions and a molded comfort grip make it the perfect low-impact tool for the repetitive use professional. Since the pole locks into position, you no longer have to twist cams to adjust the length, twist to lock it, check that you've twisted enough to prevent slipping, and then go through the whole process again for another area or the next job. Simply press, slide, click and go.

8' to 16', 2 Piece Pole..... PL41816
6' to 12', 2 Piece Pole..... PL41612

ANIMAL Pro Vacuums

With Hydrodynamic Technology & SPEEDLOCK Swivel Handle!

The new Animal Pro Vacuum has been redesigned with the professional in mind:

- Zero metal urethane wheels provide a more durable, longer wearing part, superior maneuverability, and the elimination of bearings that can rust.
- Weight cover shaped to improve movement throughout the water
- Speedlock swivel handle: All the superior strength that our quad-clip Speedlock connection has to offer along with the additional benefit of a new swivel handle for unparalleled flexibility along walls, floors, steps, and more.

Superior performance and efficiency will make it your go to pro vacuum.

Stinger Goes Mini!

Stinger Mini : Ideal for Spas, Fountains or Ponds!

Mini Brush

Gets in the corners better than a larger pool brush.

Stinger Mini Brush

12" brush with poly bristles and magnetic pick-ups on the endcaps just like our larger brushes. Great for all surfaces, including vinyl. - BR4012S

New Magnetic Pick-Ups

Mini Rakes

Able to get into tight spots that other larger rakes can't.

Stinger Mini Rake

w/12" Standard Bag
LN4045

Stinger Mini Sand Rake

w/12" Sand Bag
LN4040

Mini Pole 3'-6'

The same Stinger quality, just in a smaller size.

3' - 6'. Fits easily in your truck bed. Why carry a longer, heavier pole to a small job? Your go-to pole and tool combo. - PL40036

Mini Vacuum

Works with the pressure from a garden hose to create a Venturi action that draws debris into the bag for easy removal. - VH2200C

The Best Pool Tool Connection!

SpeedLock Power!

The SpeedLock System is the most powerful tool connection system available, interlocking both pole and tool together. Cut-away shots below show how the pole seats into the handle, providing superior control and strength.

Innovative

The first professional quality tools with no metal. Elimination of metal parts means that there's no opportunity for metal staining in plaster pools or tears in vinyl lined pools. No other connection system interlocks with the pole like Speedlock does, thus improving control and reducing pole flare.

Strength

The SpeedLock System integrates the Quad Clip that fits all Stinger and Animal poles. This makes the tool to pole connection 200% stronger than 2 point clip connections.

Savings

The SpeedLock System saves you money and time by preventing pole flare resulting in shortened pole life and new pole purchases.

Versatility

The SpeedLock System not only works seamlessly with all Animal and Stinger tools, but fits all traditional 2 point tool and pole connectors as well.
