E1

QTY. SHEET CONFIG.
1 Electrical Box Trim Cap
23 9/16" (14 mm) Fastcaps

E1 APPLICATION

Finishing cap for electrical boxes

Product shown here at actual size.

APPLICATIONS

Designed to trim the cut out for a standard plastic 2-1/4" x 3-3/4" electrical box, Fastcap's Electrical Box Trim Cap provides the installer with a dramatically improved means of covering the cut outs for Electrical Box installation. The Electrical Box Trim Cap not only trims the rough or misaligned cut outs, but also provides for an air seal around the box to the cut out.

COLORS

Available in all of Fastcap's standard colors, including PVC Woods and Real Woods. Custom colors are also available.
