

Formula 2050 Blade & Bit Cleaner

Safe, effective and environmentally friendly

Professional saw shops know that clean cutting edges run cooler, cut better and last longer. That's why we had several quality blade sharpening services test our Formula 2050. The results? In a word, "Phenomenal!" Most blade and bit cleaning products work with a dissolving action, using some powerful and nasty chemicals to dissolve wood residues and adhesives. Our safe and non-toxic Formula 2050 penetrates the microscopic cracks in the resin and attacks the bond between it and the carbide or steel surfaces.

The resin releases its grip and you simply wipe it off.

Formula 2050 keeps your tooling clean and helps you increase the time between sharpenings and replacement, and your satisfaction is guaranteed!

ORDER NO.	Description
998.001.01	18 oz. (532 ml.) spray bottle
998.001.01-X12	12-pcs. Formula 2050 cleaner 18 oz. (532 ml.)

This product received a five-star performance rating from "Wood® Magazine"

- Removes pitch, resin and adhesive residue from all woodworking cutting tools (saw blades, router bits, drill bits, shaper cutters, planer blades, etc.).
- Completely non-toxic, non-flammable and certified biodegradable. Formula 2050 is a safe, earth-friendly product.
- Do not rinse after cleaning. Formula 2050 provides protection from rust and corrosion. Keeps your table saw top rust free too!
- Can be applied by spray bottle or used in ultrasonic cleaners and dip tanks.
