

# Disc Tumbler Locks

## Timberline Interchangeable Lock Plug System

*One lock plug fits all cylinder body applications.*

### Complete Keying Versatility

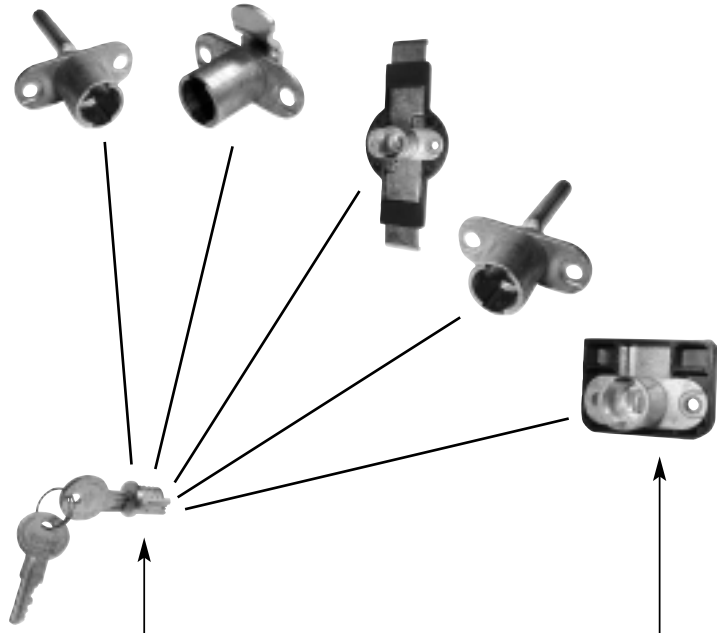

- In plant... furniture can be keyed easily to the customer's requirements at any time
- In field... key numbers can be readily installed at installation time or easily changed later by your customer

### Ease of Finishing

- Furniture may be finished without lock plug installed, eliminating need for masking

### Simplified Inventory Management

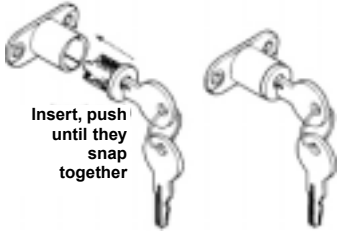

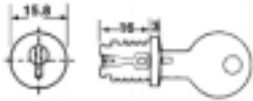

- One stock of lock plugs fulfills all types of locking requirements

Any lock plug snaps into any cylinder body

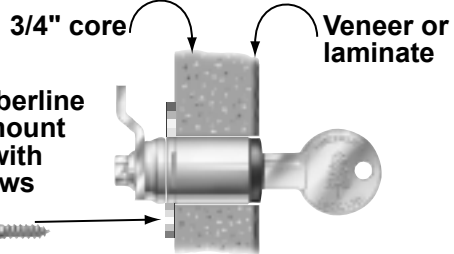

When assembled, most timberline locks are designed for mounting in 3/4" panels... with or without a veneer or laminate face.

### Lock plug installation

Insert, push until they snap together

NOTE: A change tool is needed to remove lock plugs, TLKY 500.

All Timberline locks mount easily with #6 screws
