IMPORTANT SAFETY INSTRUCTIONS

PLEASE READ ALL INSTRUCTIONS

This appliance has a polarized plug (one blade is wider than the other). To reduce the risk of electric shock, this plug is intended to fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not attempt to defeat this safety feature.

While not required, we do recommend use of a surge protector if your electricity is prone to fluctuations in current.

If the supply cord is damaged, it must be replaced by the manufacturer, its service agent, or similarly qualified persons in order to avoid a hazard.

WARNING: To reduce the risk of fire or electric shock, do not use this product with any solid-state speed control device (i.e., dimmer switch, motor controller, variable speed control).

IMPORTANT INFORMATION FOR CORD-CONNECTED APPLIANCES

A polarized plug will not fit into a nonpolarized receptacle, so it is necessary to have a qualified electrician install a polarized electrical receptacle. Do not operate this sound machine if it has a damaged cord or plug. Discard the product or return to an authorized service facility for examination and/or repair. Do not run the machine's cord under carpeting. Do not cover the cord with throw rugs, runners, or similar coverings. Do not route the cord under furniture or appliances. Arrange your machine so that its cord is away from high-traffic areas and where it will not be tripped over.

CAUTION! The holes at the base of your Dohm Connect serve as an air exhaust. Blocking these holes or restricting airflow around the product in any way can cause severe overheating, which could seriously damage your sound machine and the area surrounding it. The appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge, if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance. No user maintenance is required.

USING YOUR SOUND MACHINE

By rotating the side of your Dohm Connect, you can create a variety of soothing tones and volumes.

1 PLUG IT IN

2 TURN IT ON

3 ADJUST YOUR SOUND

You can now control your Dohm Connect on our App. Visit your app store and search for Marpac!

POWER CONNECTIONS AND PARTS INFORMATION

PLEASE PERFORM IN SEQUENTIAL ORDER AS LISTED

Fully insert the 2.5mm x 5.5mm plug of the power supply transformer into the back of the Dohm Connect unit.

Plug the power supply transformer into a standard 120 VAC household electrical outlet. Please note that the power supply transformer has a polarized plug (one blade is wider than the other). To reduce the risk of electrical shock, this plug is intended to fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not attempt to defeat this safety feature. To protect your Dohm Connect from damage caused by electrical power spikes, we recommend the use of a surge protector.

FCC NOTICE

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference.
- (2) This device must accept any interference received, including interference that may cause undesired operation.

WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful radio interference.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment in an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio/TV technician for further help.

WARRANTY INFORMATION AND THE MARPAC CUSTOMER SERVICE PROMISE

 info@marpac.com
910-602-1421

If you need service (even beyond the warranty period outlined below), PLEASE contact us! Alive, knowledgeable service team member will be happy to assist you during our regular business hours.

We are proud of our machines and happy to stand behind our products.

LIMITED ONE-YEAR FACTORY WARRANTY:

Marpac warrants its products (with exceptions as indicated below), to the original purchaser, to be free of defects for a period of one year from the date of purchase. This limited warranty covers all parts and/or workmanship against defects of breakage in normal intended use. This limited warranty does not cover damage caused by accidental dropping, rough handling, or misuse of the product, including tampering, or the application of electrical power other than that listed on the label (120V or 240V, depending on the model). Altering or tampering with the label will also void this warranty. This limited warranty covers our products for use in the country they were purchased from. Should you attempt to use this product in another country, the warranty will be void. This warranty gives you specific legal rights and you may also have other rights, which vary from state to state.

Our ultimate promise to you is that we do our best to make serious, high-quality sound machines. We really do care about your enjoyment of our products. We want to hear from you any time you think our product has disappointed you. Please contact us. We stand behind these products, expect them to last, and will make every reasonable effort to make you happy.
