

IMPACTO® COMPOSITE TOE CAP

The IMPACTO Composite Toe **TURBOTOE®** and **TOES2GO®** safety overshoes protect the toe area from accidental impact, crushing or stubbing.

Recommended for use in any industry, and heavy work environments that carries a risk of toe damage or has a steel toe cap requirement.

The Non-Conductive Toe Cap is ideal for work environments that have a EHS Requirement as they eliminate the risk of static discharge or static shock.

Perfect for visitors, casual or temporary workers, management, clerical and sales people.

Fits tightly over existing shoes providing a solid protecting cap. Can be comfortably worn over low-heel, dress and running shoes and most boots.

Made of flexible and stretchy, pliable PVC. 100% waterproof, will not harden, stiffen or crack. Treads under sole help prevent slipping.

The **TURBOTOE** is an affordable alternative to expensive footwear with built-in steel toe cap.

The **TOES2GO** is a versatile alternative with an adjustable strap.

Part No.	USA/CAN	UK	Europe	Length (bottom)
#TTCOMPXS	M: 4 - 5 W: 6 - 7	M: 4.5 - 5.5	38.5 - 39.5	10 ^{3/8"}
