

PORTABLE TRAINING GOAL

This lightweight, stable training soccer goal is excellent for use in the European style of training

The heavy wall aluminum frame has a white powder coated finish for a great look. The goal sets up in minutes with push button assembly and will withstand the most rigorous practice environment.

Recommended for:

Collegiate, High School and **Town Programs**

Features:

- 2" lightweight aluminum frame with stabilizing base plates

The powder coated white ground base assembly lies flat on the ground. The ground stake is inserted through the middle of the base to anchor it to the ground. The upright is placed over a sleeve on the base assembly, resulting in a stable goal with no visible anchor to cause a tripping hazard.

- 4" sq. mesh nylon net and carry bag included

7½'H x 18'W - Medium
