

1 Quart Plastic Dispensing Can, Brass Dispenser Valves, Transluscent, White - 14012

Product Images

Short Description

- Easy, one-handed dispensing of liquids directly onto work surface
- Minimizes spills and controls excess
- Polyethylene body provides firm grip

Description

Dispensing cans permit easy, one-hand dispensing of liquids directly onto work surface. Leakproof, self-closing, brass dispenser valve minimizes spills and controls excess. FM Approved brass valves are ideal for use with flammables. Textured, high-density polyethylene body provides a firm grip.
