### Short Description

---

- Fire tested and FM approved
- Upscale styling suits any commercial or public area
- Self-extinguishing, weatherproof design hides unsightly cigarette butts

- Limited entry zone discourages unwanted trash
- ADA compliant

## Description

---

The contemporary styling of the Elite™ Smoker's Ceasefire® Outdoor Ashtray in Eco Black (model 268503) is the perfect solution to help businesses keep cigarette litter on their property out of public view. It measures 38 in (965 mm) in height and 12 in (305 mm) in outer diameter. It weighs approximately 8.9 lbs (4.1 kg) but can hold up to 4 gallons (15 l) of cigarette butts. In windy weather, it can be weighed down with sand or a brick for extra stability.

This smokeless ashtray is fire tested and FM approved, made of flame retardant polyethylene with an innovative self-extinguishing design to reduce the risk of fire.

The Elite Smoker's Ceasefire was designed to suit any establishment, whether a commercial property or private venue. Its sleek style prevents cigarette butt litter, and the patented inner double-drip edge inside the base directs tar straight into the bucket so there is less to clean externally. The compact base also helps it fit into snug spaces so it can be placed anywhere you prefer.

The covered dome of the model 268503 outdoor ashtray keeps the rain out, and its 3.5 in by 2 in (88 mm by 50 mm) opening (with a stainless steel snuffer) results in fewer misses from smokers while also discouraging other forms of trash. This helps reduce contact with the ashtray to avoid cross-contamination with germs. The large neck cavity minimizes clogging while the oxygen-restricting design safely collects burning butts to reduce the risk of fire.

Maintenance is simple with no tools required. Self-aligning tabs easily glide along the lid, making it easy to open and close. Integrated tabs on this outdoor ashtray allow for optional padlocking (model 268506) for added security and to discourage unauthorized access/trash. For greater stability in extreme weather, attach the optional Anchoring Cable Kit with Padlock (model 268505) to the eyelets on the base of the ashtray.

## Specifications

---

Model No	268503
UPC	697841127388
International Model No.	268503
Color	Deco Black
Pallet Quantity	20
Material Specifications	Polyethylene
Net Weight, lbs	8.9
Net Weight, kg	4.1
Dimensions, Exterior	38" H x 12" Outer Dia. 965mm H x 305mm Outer Dia.
