

Make-A-Berm, Custom Spill Containment Kit, 1.5 inch High x 50 Feet Long - #28464

Product Images

Short Description

- Kit includes necessary pieces to create a custom containment solution.
- Contains spills and leaks around unique equipment situations.
- Semi- permanent, can easily be installed and removed.
- Durable bright yellow color for visibility.
- 1.5" and 2" are ideal for small to medium capacity containment needs.
- Flexible foam that bounces back allows for foot traffic and light wheeled traffic.
- Helps to comply with EPA for containment and spill prevention (SPCC) regulations.

Description

Make-A-Berm™ is a fit for most application needs. It can easily be installed on site to fit the layout without having to move existing equipment. Connect multiple berm pieces to fit your containment area. Non-absorbent modified PVC coated fabric provides a highly resistant barrier to contain oils, gasoline, acids and other liquids. For a liquid-proof seal, a semi-permanent installation to the floor is available with the use of polyether-based adhesive. Flexible foam inserts are crush resistant and return to their original shape with no memory loss after foot traffic or hand truck equipment use.

Specifications

Model No	28464
UPC	697841078420
Pallet Quantity	1
Color	Yellow
Material Specifications	PVC Coated Fabric
EPA Compliance	Helps comply with EPA for containment and spill prevention (SPCC)
SPCC Compliance	40 CFR 112.7 (c)
Dimensions, Exterior	1.5" H x 4.5" W x 600" L
	38.1mm H x 114.3mm W x 15240mm L
Includes	2 ea. 1.5" H x 25 ft barrier pieces, 4 ea. 1.5" H Corner pieces, 6 ea Sil-Thane(tm) Sealant tubes, 1 ea 8oz HH-66 Vinyl cement, 1 roll Vinyl collar
Berm Shape	Halfmoon
Foam Material	Open Cell Urethane
Temperature range of the material	-40degreesF- 180 degrees F
Vehicle Traffic	Small wheeled carts, Hand carts

Prop 65
