

Make-A-Berm, Straight Section, 2 inch High x 15 Feet Long - #28466

Product Images

Short Description

- Kit includes necessary pieces to create a custom containment solution.
- Contains spills and leaks around unique equipment situations.
- Semi- permanent, can easily be installed and removed.
- Durable bright yellow color for visibility.
- 1.5" and 2" are ideal for small to medium capacity containment needs.
- Flexible foam that bounces back allows for foot traffic and light wheeled traffic.
- Helps to comply with EPA for containment and spill prevention (SPCC) regulations.

Description

Make-A-Berm™ straight sections allows for spill containment to be installed around difficult to move equipment, spill-prone areas, or areas where a standard-shaped berm won't work. Connecting the straight pieces to each other and corner pieces gives you the ability to design the containment needed. The yellow PVC coated fabric gives good visibility in traffic areas and provides a highly resistant barrier. Flexible foam inserts are crush resistant and return to their original shape with no memory loss after foot and hand wheeled equipment traffic.

Specifications

Model No	28466
UPC	697841157620
Color	Yellow
Material Specifications	PVC Coated Fabric
EPA Compliance	Helps comply with EPA for containment and spill prevention (SPCC)
SPCC Compliance	40 CFR 112.7 (c)
Dimensions, Exterior	2" H x 5.5" W x 180" L
	51mm H x 140mm W x 4572mm L
Berm Shape	Rectangular
Foam Material	Open Cell Urethane
Temperature range of the material	-40degreesF- 180 degrees F
Vehicle Traffic	Small wheeled carts, Hand carts

Prop 65
