
Make-A-Berm, Vertical Corner, 2 inch High, 2 per Box - #28483

Product Images

Short Description

- Corner pieces can be combined with straight pieces to create a complete containment solution.
- Vertical corners allow for a fully sealed containment on walls or vertical machine areas.
- Contains spills and leaks around unique equipment situations.
- 1.5" and 2" are ideal for small to medium capacity containment needs.
- Semi- permanent, can easily be installed and removed.
- Durable bright yellow color for visibility.
- Flexible foam that bounces back allows for foot traffic and light wheeled traffic.
- Helps to comply with EPA for containment and spill prevention (SPCC) regulations.

Description

Make-A-Berm™ allows for spill containment to be installed around difficult to move equipment, spill-prone areas, or areas where a standard-shaped berm won't work. Vertical corner pieces are key to providing a full

spill containment, by giving you needed protected at a wall or vertical barrier seam. The vertical corner pieces are easily attached to the wall or vertical barrier with polyether-based adhesive. Non-absorbent modified Yellow PVC coated fabric provides a highly resistant barrier to contain oils, gasoline, acids and other liquids.

Specifications

Model No	28483
UPC	697841270343
Color	Yellow
Material Specifications	PVC Coated Fabric
EPA Compliance	Helps comply with EPA for containment and spill prevention (SPCC)
SPCC Compliance	40 CFR 112.7 (c)
Dimensions, Exterior	6" H x 5.5" W x 6" L
	152.4mm H x 139.7mm W x 152.4mm L
Berm Shape	Rectangular
Foam Material	Open Cell Urethane
Temperature range of the material	-40degreesF- 180 degrees F
Vehicle Traffic	Small wheeled carts, Hand carts

Prop 65
