

Hughes Eyewash Additive Solution, 4-pack, USA - ADDR4PKUS

Product Images

Short Description

HUGHES

Justrite Safety Group

- A water preservative solution for use with self-contained eye/face wash stations
- Each 8-oz bottle preserves from 5-20 gallons of water for up to 120 days
- For use with Hughes 16GFEW, 15GEW, 28GEW and 38GEW and other portable or self-contained eyewashes

Description

Eyewash additive preserves water in portable, self-contained eyewash stations to prevent bacterial growth. The treated water helps avoid additional damage to an already injured eye, while also extending the useful life of eyewash water.
