

Re-Order Number	Description	Size	Units
555040	Foam Leg Elevator w/Scoop Cutouts	Small/Medium	Each
555041	Foam Thigh Elevator w/Scoop Cutouts	Medium/Large	Each

Purpose

This multi-functional leg elevator can be placed between the thighs, knees or ankles. The product aligns the legs while simultaneously relaxing the spine. The product also improves leg circulation and can be used to raise the lower legs to off-load the heels for prevention of pressure sores.

Easy to Use

This product can be used in any position along the legs for bed lying residents. It can be placed between the thighs, knees or lower leg (ankles).

Easy Care

The soft micro fabric cover is launderable at temperatures below 180°F (82°C).

This product is guaranteed for 6 months.
