905030	Elevating Arm Support - Foam Only	20"L x 6"W x 5.5" Max Height	Each

Purpose

This soft arm support provides a trough for resting the arm in a comfortable and stable position. Fits either the left or right arm and can be placed on any leveled surface such as a table, bed or one of Skil-Care's wheelchair arm trays.

- Recessed cavity
- Can be used to reduce upper extremity edema
- Can be used as a phlebotomy wedge during blood draws.
- Product dimensions: 20"L x 6"W x 5.5" Max Height

Easy to Use

Place the armrest positioner on any leveled surface or wheelchair arm tray and assure the arm is centered.
