The EC111SP5 three-shelf cart is a durable option for holding and transporting a wide array of items and tools.

The industrial 5" semi-pneumatic casters are puncture resistant and provide shock absorption and quiet operation.

The cart is ideal for warehouses, hospitals, restaurants, and any number of outdoor environments. Even on a rough terrain like gravel or dirt, the semi pneumatic casters are great for transporting fragile cargo.

- Shelves and legs are constructed with an injection molded thermoplastic resin
- 2.5" deep tub shelves
- Ergonomic push handle molded into top shelf
- Four 5" zinc-plated casters, two stationary and two swiveling with locking brakes
- 400 lbs. maximum weight capacity (evenly distributed)
